Introduction	1
Health & Safety	2
Terminology	4
Nomenclature	5
Fiber Selection Guide	6
Weight Loss	13
Shrinkage	14
Fibers	15
Roving, Plyed Yarns, Served Roving & Chopped Fibers	17
Sewing Thread	22
Sewing Instructions	24
Fabric	26
Warp and Fill Breaking Load at Room Temperature	29
Hot Face vs. Cold Face Temperature	30
Thermal Conductivity	35
Paper	36
Tape	37
Sleeving	38
Thermal Protection	39
Performance Test Results	40
Chemical Compatibility	40
Metal Compatibility	40
Chemical Resistance	40
Moisture Absorption	42
Jet Fuel and Hydraulic Fluid Compatibility	42
Hydrazine and Ammonia Compatibility	42
Electrical Insulation Resistance	43
Radiation Resistance	45
Cryogenic Testing	46
Aerospace Properties	47

Thermal Optical Properties	47
NASA Nonmetallic Material Testing	47
IR Absorbance and Transmittance	48
Spectral Hemispherical Emittance	49
Heat Cleaning Instructions	50
Heat Treating Instructions	51
